# OVER A DECADE OF EXCELLENCE IN ONLINE EDUCATION

11

'Gold' status (#1 among Russian universities) in the Times Higher Education (THE)  
Online Learning Rankings 2024

- 12 years of online education expertise
- 2.7 mln online course participants
- First online campus in Russia
- 33 fully-online programmes in English and Russian
- 28% of disciplines are delivered across all campuses

## 6.75 times

audience growth since 2017

# TOP IN RESEARCH & EXPERTISE

First Russian university

to invest its own funds in creation of international laboratories

First state university in Russia

to employ academic talent from the international market

## RESEARCH UNITS

- ~120 Research centres
- ~200 Labs
- 30+ Research institutes
- 50+ Centres of excellence
- Centre for Advanced Research in Neuroeconomics & Cognitive Science
- Centre for Advanced Research in Science, Technology & Innovation
- 58 Research journals

Human Capital  
Multidisciplinary  
Research Centre

- Active ageing
- Employment and skills
- Humans in the era of technological transformations
- Neurocognitive mechanisms of social behavior
- Sustainable development

## RESEARCH RESULTS

70% of faculty members have produced globally recognized research results

- 230+ applied research projects annually
- 1531 articles and reviews in Q1
- 3300+ publications in leading journals indexed in major citation databases

Amount of funds received from R&D, in bln rubles (₽) 12

Top-3 by R&D revenue

2<sup>nd</sup> by number of research publications

1<sup>st</sup> in terms of publications in: Business & Management, Arts & Humanities, Economics & Finance, Decision Sciences, Social Sciences, Psychology

# MEGASCIENCE & INNOVATIVE SOLUTIONS

13

## **cHARISMa the Supercomputer**

ranked 6th among CIS's  
high-performance  
clusters

## **ExhauFS**

a tool for building the  
most powerful cancer  
survival classification and  
regression models

## **4 satellites**

launched in the  
Orbit  
since 2021

## **Psychometric tool**

for assessing digital trust  
and analysing the  
phenomenon of "banner  
blindness"

## **Dyslexia Detector**

a software using machine  
learning to identify a risk  
of dyslexia in children  
based on the eye  
movements during  
reading

## **Viral Genealogy Simulator (VGsim)**

for modelling  
COVID-19  
spreading pathways

# AI RESEARCH CENTRE

14

HSE University is **one of 6 Russian leading research organizations** to receive a government grant for creating an AI centre

**~ 30 applied AI projects**  
in finance, telecom, IT and tourism

**In 2023 Scientists from  
HSE University  
Received First Patent**

for a system that predicts the spatial  
distribution of harmful substances  
in atmosphere using AI

**Top A\*-conf publications**  
(NeurIPS, ICML, KDD, etc.)

## Top A\*-conference publications

- **AI in bioinformatics:** drug efficiency prediction, personalized diagnosis based on DNA data
- **Reinforcement learning in applications:** from recommender systems to market-making
- **AI for industrial process** modeling and optimization
- **AI in ecology:** hazard detection and origin prediction
- **Generative AI** for material design
- **Human-AI interaction** in cultural environment: ethics
