- Despite the free access to the Global Virtual School, we recommend that you take a responsible approach to the program, ensuring that you complete the courses within the given timeframe and students can download a certificate upon completion.
- Students may request a Transcript of Records to be recognized by their home universities according to their individual standards. Ask your university about credit transfer availability.
- Lectures are available virtually through the Kyung Hee University E-campus system at <https://e-campus.khu.ac.kr>

Admission Requirements Before You Apply

- Only undergraduate/postgraduate students enrolled in accredited institutions located overseas are eligible to participate and those who have submitted a valid English version of their certificate of enrollment will be considered. Students will be notified of their acceptance or rejection prior to the commencement of the program.
- Virtual School consists of KHU credit-bearing courses. However, your home institution may or may not accept them as credits towards your degree. **Consult with your home institution about credit questions.**
