LIFELONG LEARNING

HSE Lyceum

10 areas of study

Moscow and Perm

First in Russia in number of graduates admitted to Russia's leading universities

Undergraduate

127 programmes

Options:

- to master 2 majors simultaneously
- to design an individual customized programme.

Graduate

188 programmes

- Three tracks: general, applied, and research
- Individual mentorship
- Practical training: projects and
- research with real stakeholders

Postgraduate

22 doctoral schools

HSE introduced a system of doctoral schools in 2014 to encourage research that extends beyond one specific discipline

Continuing professional education

900+ programmes

- MBA, MIB, DBA, EMBA, short-term courses
- 40,000+ students

40+ programmes
& 1,000+ courses
in English

A DECADE OF EXCELLENCE IN ONLINE EDUCATION

MEGASCIENCE & INNOVATIVE SOLUTIONS

EXHAUFS

a tool for building the most powerful cancer survival classification and regression models

PSYCHOMETRIC TOOL

for assessing digital trust and analysing the phenomenon of "banner blindness"

3 SATELLITES

launched in the Orbit since 2021 (CubeSX-HSE-3 launched from Vostochny Cosmodrome in 2023)

DYSLEXIA DETECTOR

a software that uses machine learning to identify the risk of dyslexia in children based on eye movements while reading

cHARISMa THE SUPERCOMPUTER

ranked 6th among high-performance clusters in the CIS

VIRAL GENEALOGY SIMULATOR (VGsim)

for modelling COVID-19 spreading pathways

MEGASCIENCE & INNOVATIVE SOLUTIONS

HSE University is one of 6 Russian leading research organizations to receive a government grant for creating an AI centre

AREAS OF RESEARCH

30+ applied AI projects

in finance, telecom, IT, and tourism

In 2023 scientists from HSE University received the first patent for a system that predicts the spatial distribution of harmful substances in atmosphere using AI

Top A* conference publications (NeurIPS, ICML, KDD, etc.)

- **AI in ecology:** hazard detection and origin prediction
- **Generative AI** for material design
- **Human-AI interaction** in cultural environment: ethics

- **AI in bioinformatics:** drug efficiency prediction, personalized diagnosis based on DNA data
- **Reinforcement learning in applications:** from recommender systems to market-making

Russian tech giants as partners

INTERNATIONAL PARTNERSHIPS

STUDENT MOBILITY

- Students exchange programmes
- Double degree programmes
- Study Tours
- International events
- Summer & Winter schools

INTERNATIONAL FACULTY RECRUITMENT

- Tenure track
- Postdoctoral fellowship
- Part-time senior academics
- Educational & research activities for affiliated staff members
- International events
- Visiting scholars

250+ partners | **50+** countries | **2,000** flagship international events per year

Joint establishment of mirror laboratories, research projects

STUDENT MOBILITY OPPORTUNITIES

PREPARATORY YEAR

- Basic course
- Intensive course
- Online TORFL* preparation course

*Test of Russian as a Foreign Language (TORFL)

CAMPUS FACILITIES

- In-campus and online services in English
- Academic and psychological counselling
- Over 200 student associations and clubs

SUMMER UNIVERSITY

A broad interdisciplinary selection of courses

STUDY TOUR

A unique project for those who want to gain HSE community experience, enhance their resume, and prepare for career building under the guidance of the leading experts from HSE University
